Cyber crimes are an offence committed against individuals or groups of individuals with a criminal motive to intentionally harm the reputation of the victim or cause physical or mental harm to the victim directly or indirectly, using modern telecommunication networks such as Internet (Chat rooms, emails, notice boards and groups) and mobile phones (SMS/MMS)". Such crimes may threaten a nation's security and financial health. Issues surrounding these types of crimes have become high-profile, particularly those surrounding cracking, copyright infringement, child pornography, and child grooming. There are also problems of privacy when confidential information is lost or intercepted, lawfully or otherwise. Cyber Crime plays a vital role in the modern world. Mr.V.Balu, Senior Advocate, Chennai, addressed the students with expert counseling and guidance on Cyber laws and also provided the awareness of cyber security. Finally, he have given the preventive measures in the cyber world and makes the seminar as an interactive and interesting session.
