Department of Biotechnology

Minutes of the BOS conducted for UG-H&S –BSc Biochemistry

The Board of studies was conducted on 19/5/2017 in the Department of Biotechnology in the presence of BOS members. Expert members appreciated the syllabus framed by the Department of Biotechnology for BSc-Biochemistry. However they suggested few changes to be made in the syllabus which give opportunity for students to occupy the core companies.

1. The industry expert Mr.Shankar, suggested to include a theory paper entitled- Clinical Data Management or clinical research Management. All the hospital datas will be in cloud in future, which needs people to manage them.
2. Both the expert members felt that, legal aspects of Biotechnology paper need to have few Specific amendment's and rules.
3. Academic expert Dr.T.S Srinivasan, suggested to include a chapter or unit "Nutrigenomics" in the food nutrition theory paper.
4. Academic expert Dr.T.S Srinivasan also suggested us to include few Web link details in the reference session of the syllabi
