

## TECHNOLOGY TALK – ONLINE EVALUATION TECHNIQUES

Faculty of Education feels elated to share the report of Seminar held on 25.08.2022 at 10:30 a.m. with 35 participants at K102 Smart Room Phase 2, Adayalampattu campus.

The session hosted by Mrs.Hebziba.M, Assistant Professor, Computer Education, St.Christopher's College of Education, Chennai addressed "Online Evaluation Techniques" which is concerned with the online evaluation tools which would be helpful for the instructors to assess the learners progress. An effective online educator must find ways to demonstrate that student learning has occurred. She explained clearly about evaluation, objectives of evaluation and about the evaluation techniques like kahoot, quizizz, mentimeter, flipgrid ,thinglink. She explained highlighted the how to use the techniques one by one with clear instructions. She demonstrated few techniques also.
