

Subject Lecture on Education Commission

Faculty of Education feels elated to share the report of Subject Lecture held on 01.02.2023 with 32 B.Ed first year students. The session was addressed by Ms.C.Geetha, Asst.Prof, Faculty of Education on various commissions involved in the Education stream. The aim of the seminar was to create a structure to transfer the knowledge on various educational recommendations and their outlines which reformed the education system. The speaker explained the idea about vocational, scientific and technical subjects which helps the students to develop their capability in the existing education system and also described about the guidelines and policies in education.
