LAB OF PHARMACY

The screenshot shows a web browser window with the URL `http://heh-nic.in/heart/index.php`. The page title is "Effects of Drugs on the Frog Heart". The interface is divided into several sections:

- Effects of Drugs on the Frog Heart**: A blue header bar with a "Back" button.
- Diagram**: A black box containing a white waveform graph. Labels "HR60" and "HR84" are visible. Below the graph, text reads: "Directly inject drug one by one and observe their effect on the frog heart. Also note how antagonistic and agonist reaction with each other." There are "Step" and "Start" buttons.
- Setup**: A photograph of a laboratory setup with a frog heart on a stand.
- Current Drug Level**: A section showing "Norepinephrine" at "10%". Below it, "Previous drug injected: Norepinephrine".
- Drug selection**: A dropdown menu set to "Norepinephrine" and a "Dose" input field set to "2" mg. There are "Inject drug" and "Wash Out" buttons.
- Instructions**: A red button labeled "Instructions" and a text box "Choose a Drug and Inject".
- Navigation**: A red bar at the bottom with buttons for "Quit", "Enter", "Tab", and "New".

The Windows taskbar at the bottom shows the system tray with a temperature of 34°C, a fan speed of 50, and the date 25-08-2021.
