

Transform your Library for the Digital Future

About Us

Knimbus is the leading digital library platform used by 500+ reputed institutions. Institutions are transforming their library for a digital future with the Knimbus mLibrary platform.

Knimbus mLibrary is a one-stop solution with rich features to build a powerful and user friendly digital library through which users can seamlessly access the digital resources anytime, anywhere and on any device.

Moreover, managing the library resources and users is easy with the comprehensive dashboard for Analytics, Monitoring & Reporting.

knimbus.com

Why Choose Us?

Your Customized Portal & Mobile App

With your personalized branding & URL.

Content Hub

All resources in one place: Subscribed & Open Access Journals, eBooks, Databases, Courses, Multimedia, Library OPAC and Institutional Repository.

Off-Campus Access

Users can securely access all the resources in the Library, wherever they are.

eCatalog & A-Z List

Complete A-Z listing of all resources categorized by subject, publisher, content type etc.

Universal Search

Single Search Box to find any content across the complete library

SSO & Security

Single-Sign On with robust security and privacy controls.

Library Challenges

- Low usage of print resources
- No Mobile App or off-campus access
- Multiple systems: websites, IR, OPAC, search, etc.
- Reports need to be manually consolidated
- High cost of resources & infrastructure

Future Library

- Integrated Digital Library
- Modern UI & Mobile App
- 24x7 Access from Anywhere
- Seamless Experience
- Cost effective solution

500+ Reputed Institutions use Knimbus

IITs, NITs, Central, State & Private Universities, Research Labs

Knimbus has made it possible to do a one-point search across resources and access the library at any time, from anywhere and on any device

Knimbus is a single search platform with great features. Its services should be taken by other institutions too.

NITI Aayog

BITS Pilani
Dubai

Because of its versatility, accessibility and ease of use, Knimbus has become essential to our Institute.

During this "new normal", Knimbus has helped us to support our users, meet their needs and ensure our library e-resources are used regularly for their research and learning.

NIT Calicut

Our research scholars and faculty find it very useful, especially while working from home. We wholeheartedly recommend Knimbus.

User orientations & trainings were very fruitful ...we don't need much technical knowledge... Knimbus is easy to use
