**Sub: Collaboration of Research work between Ibri College of Technology and
Dr. M. G. R University - reg**

To: President of Dr.M.G.R Educational and Research Institute University, Chennai

Dear respected sir,

With reference to your letter, I would like to inform you. We are happy to collaborate with your reputable University to conduct research activities in Ibri College of Technology (IbriCT).

Ibri College of Technology is one of the Regional Colleges of Technology under the Ministry of Manpower in Oman. The College has three Academic departments: Engineering, Information Technology (IT), Business Studies. More than 3000 students study in the different programs offered in these three departments. IbriCT has 30 staff members with doctorates and 30 researchers pursuing PHD degrees in various universities.

We can collaborate in training students and staff, conduct conferences, workshop and collaborative student research projects. This will strengthen scientific cooperation between the two institutions and pave the way for further research proposals in the future.

Yours sincerely

Younus Al Za'abi

Assistant Dean for Academic Affairs

Ibri College of Technolgy

The Sultanate of Oman
