## IMPORTANCE OF SUSTAINABLE DEVELOPMENT GOALS

The Sustainable Development Goals (SDGs) aim to transform our world. They are a call to action to end poverty and inequality, protect the planet, and ensure that all people enjoy health, justice and prosperity. It is critical that no one is left behind.

The Sustainable Development Goals (SDGs) are important because they are a call to action to address some of the world's most pressing challenges, including:

- **Poverty and inequality:** The SDGs aim to end poverty and inequality everywhere
- **Protecting the planet:** The SDGs seek to protect the planet and address climate change and environmental degradation
- **Health, justice, and prosperity:** The SDGs aim to ensure that all people have access to health, justice, and prosperity
- **Leaving no one behind:** The SDGs are designed to ensure that no one is left behind
- **Combating violent conflict:** The SDGs aim to tackle the causes of violent conflict
- **Human rights abuses:** The SDGs aim to address human rights abuses
- **Sustainable development:** The SDGs integrate economic growth, social well-being, and environmental protection

## IMPACT OF Dr. MGR ERI ON SUSTAINABLE DEVELOPMENT GOALS

Dr. MGR Educational and Research Institute is a pioneer in the field of Quality Education for all which forms the SDG 4. The University had its humble beginning in the year 1985 as a Polytechnic Institution and aiming to bring about change and progress through education, ambitiously has grown into a multi-faceted University in the year 2003 mapping all the Sustainable Development Goals spread across all the fourteen different faculties under its empowered wings of wisdom.

In Dr. MGR Educational and Research Institute, we are not only committed to nurture our stakeholders through Quality Education but also enable them to be a part of the broader society, contributing towards its up-liftment by applying their knowledge and skills in line with the University's vision. A rich curriculum coupled with high-quality teaching is the backbone of the robust academic program being offered at Dr. MGR ERI. The curriculum and the syllabi are designed to achieve academic excellence and professional competency to find solutions to the local, national, regional, and global health care needs and Industry integration and Internationalization.

The University has a very strong connect with the local community through various Healthcare programmes, Energy and Water Conservation Programmes, Entrepreneurship initiatives through the Dr. APJ Abdul Kalam Centre for Innovation and Entrepreneurship. Farmers in the local villages are supported through the R and D initiatives like agricultural drones for better harvest, food safety and healthy eating and mental health awareness. Not only that, the Faculty of Education is committed to foster education to all through various outreach events. On the whole, significant impact is created towards the various SDGs and visible outcomes are achieved.
