TESTIMONIALS

VIDYA.V

Technical Project Manager, Maveric Systems Limited.

"I come from a B.Tech IT background with 13+ years of experience in the IT industry, and I recently made a significant decision to pursue an MBA Information Systems Management at MGR University. This was a pivotal point in my career, and I'd like to share my experiences with you.

One of the most compelling aspects of the MBA Online Program at MGR University is its flexibility, particularly the online mode. As a professional with years of experience, it's crucial for me to balance my personal and work life with my academic pursuits. This online program has made that balance achievable, allowing me to continue advancing in my career while furthering my education. Their support and insights were invaluable and made my transition into the MBA program seamless. It's these mentors who embody the commitment to student success that defines MGR University."

DR. NAVEEN GUPTA

Director, Ministry of Health, Chennai

Faculty and University created a nice system to connect with all students and address their issues in timely fashion and issued circulars and time tables well in advance. Faculty and students interaction in every class was cordial and encouraged, with lot of students participation. Most of the Faculty members were best in class and took sessions with involvement and hard work and were non-judgemental for students from various backgrounds and various parts of country. Looking ahead, I'm excited about how completing this program will benefit my career. The knowledge I've gained from the faculty, who are experts in their respective fields, has been nothing short of exceptional. The flexibility of the program would definitely allow me to immediately apply what I've learned in my day-to-day work, making it incredibly practical. In summary, my experience at MGR University has been nothing short of transformative."

DR. BHAVNA

Alumni of MBA – Hospital & Healthcare Management

As a graduate of Dr. MGR University's online MBA programme, I can say that the experience was truly enriching and fulfilling. One of the most significant benefits of Dr. MGR University's online MBA programme is the flexibility it provides. The programme is designed to allow students to work at their own pace and convenience to complete the coursework. This is especially useful for working professionals like myself who have hectic schedules and are unable to commit to traditional on-campus classes. The online format also allows me to study from anywhere, at any time, and has allowed me to keep working while pursuing my degree. The faculty members are extremely knowledgeable and experienced in their fields, and they have been extremely supportive throughout my journey.
